## SUMMARY

Hello, I'm Research Dhamala, a 17-year-old student currently in Grade 12. I am an enthusiastic fresher web developer with skills in HTML, CSS, JavaScript, and React.js, and basic knowledge of Node.js and databases. I am learning advanced backend development to become a full-stack developer. I adapt quickly to new tools, gained teamwork and problem-solving experience through a hackathon, and am working on improving my time management skills.

## AWARDS

FIRST IN CHESS  
COMPITITION  
2024

Children club, Ratnanagar-13, Chitwan, Nepal

I was the winner of the chess competition organized by the Ratnanagar-13 Children's Club.

## WORK EXPERIENCE

FREELANCER  
September, 2024 -  
Present

Freelance , Bairiya, ranapa13, chitwan, Nepal

I completed a freelancing project where I earned 2000 NRP by developing a frontend web application using React and Tailwind CSS. I focused on building a clean interface and making it responsive for different devices, which helped me gain practical experience in real-world web development.

**SOFTWARE  
DEVELOPER**  
May, 2025 -  
Present

### Personal work , Chitwan

I am currently working on a personal project – a blog platform. So far, I have implemented CRUD operations, allowing users to create, view, and delete blogs. I also added interactive features such as a comment system and a like button. In the future, I plan to extend the platform with additional features like sharing and more engagement tools. This project has helped me strengthen my skills in React and practical web development.

## TRAINING/CERTIFICATIONS

**TECH JIGYASA**  
2025

### Zennect Nepal

I conducted a training session on technology through tech jigyasa at Shiksha Bikash E.B.S. School. I aimed at developing curiosity and interest in technology among students. During this program, I trained over 60 students, introducing them to basic tech concepts and fostering their enthusiasm for learning and exploring technology.

## ACADEMY

**CURRENTLY  
LEARNING IN  
+2**  
August, 2024 -  
Present

### Orchid , Chitwan

I am currently studying in Grade 12 with Science, specializing in Computer Science. Alongside my studies, I am learning coding, web development, drawing, and other creative skills, which help me grow both technically and creatively.

## PROJECTS

### Blog platform

Blog Platform – A MERN stack app with Tailwind CSS where users can register, log in (JWT + bcrypt), create, view, delete blogs, comment, like, and manage content. Future updates will add sharing and more engagement features.

## ACHIEVEMENTS

## LANGUAGE

● Nepali

## Freelancing

- Successfully completed a freelance frontend project using React.js and Tailwind CSS, earning 2000 NRP.

## Speaker at Zennect Nepal.

I was a speaker at Zennect Nepal, where I shared insights on technology, software engineering, and my personal journey. Overall, it was an excellent experience.

## Member at Neptech tribe

I am a member of Neptech Tribe, a non-profit organization that regularly hosts various sessions. Through these sessions, I have learned many valuable things, including cybersecurity, designing, and more.
